General Predictions Related to Native

General Characteristics :-

Your Ascendant falls in the Aquarius sign. This sign has been classified as an airy, fixed or grave sign. Certain other natural qualitative characteristics have also been attributed to it: this sign is masculine, humane and indifferent by nature; it is a sign of voice also.

For being born in this Ascendant, you will be kind and patient, have a retiring and real optimistic nature, and a humane disposition. You will be fond of the identities, influences, pursuits and surroundings - which are basically humanitarian. You are likely to possess sharp intelligence, and ability to grasp things quickly - which will help you to acquire good knowledge in a wide variety of subjects; you may formally study the science subjects, but will have great interest in language and literature as well. You may be a very good face reader.

You will be very just and exacting, and will attain perfection by virtue of being thoroughly patient and industrious. You will have great sympathy for people from all walks of life, but at heart you will seek the company of well educated, cultured, and accomplished people; for this reason, you may not like to have a large circle of friends; but with some worthy people, you will form lasting friendship.

In your chart, the Moon is situated in sign Aquarius; it is a positive, fixed, and airy sign - which is ruled by Saturn, and symbolized by the figure of a matured human being emptying a water-pot. Persons born with the Moon in this sign generally become well known by their profound nature and strength of character. Your specific characteristics will be a penetrating mind, great depth of thought, power of assimilation, and an extreme patience. Depending on the modifying influences of the other planets on the Moon, a few distinct variations are quite possible. At one extreme, it may make you a person of melancholic temperament, fond of solitude and nocturnal work. Yet, you will still be endowed with philosophic outlook, and remain engaged in useful pursuits - which may be scientific or technological, or otherwise highly technical.

You may be somewhat slow, but you will be sure; you are very much likely to come up with something new and novel - for which your name and fame will be widespread. You will attach value and importance to peace and tranquility, and seek the company of learned, wise and pious people. While on the other extreme, you might be endowed with a bright, cheerful nature - possessing humane disposition and artistic inclinations. You will be of sober and placid temperament - fully devoid of

unruly passions; but you will consider it to be a moral duty and responsibility to attend some important meetings and conferences. Study of the subjects like physical sciences, engineering, technology, agriculture, and decorative arts might attract you grossly. You are likely to be a maker of your own fortune, and find it in quite distant inland places and even in foreign countries.

You will also be greatly attracted to subjects, which are essentially uncommon, yet original and novel. For your deep interest in occult and mystic subjects like Astrology, palmistry, numerology, interpretation of dreams, etc you will become a center of attraction wherever you will remain; yet there will always be some people, who might consider your inclination as bias, and brand you as an eccentric. But people in general will know you as a real worthy person having broadness of mind, optimistic nature, philosophic outlook, wide sympathies and philanthropic inclination.

Rather than considering yourself as a mere person born in- or belonging to- a family, having limited interests and concerns, you will view your life to be a kind of mission, and count your success on the basis of being able to fulfill the purpose of living - by doing good to others. You are likely to devote your life for a cause - for which you may actively work for a charitable institution or a humanitarian organization.

Physical Appearance :-

You are likely to have a slightly above average stature, fairly plump - yet strong and robust - constitution, healthy and comely appearance with a long oval face, hazel eyes, flaxen hair, and moderately fair complexion.

Qualities :-

You will be a woman of principles. You will be original in your thoughts. You will never be disappointed and will always keep smiling. You will be the pride of gatherings.

Negative Traits :-

You may be short tempered and vindictive. You may be stubborn and unconventional.

Special Characteristics :-

1. You will be benevolent, compassionate and will extend your hand to help the distressed persons.
2. You will be brilliant and will have good grasping power.
