

About the conversation

While you are the driver of your career, at HPE we are committed to helping you build your skills, progress your career and perform at your best. My Success Plan conversations provide regular opportunities for you to check in with your people leader.

Take advantage of the opportunity to get their guidance on your career goals, learn more about their expectations, and get their feedback on what you're doing well and where you have opportunities to improve in your current role.

What to discuss

Career

Aspirations - Be prepared to discuss:

- Your near- and long-term career goals
- What types of work motivates you
- What strengths you already have that will help you achieve your career goals
- What might limit or accelerate your progress

Development - Be prepared to discuss:

- Actionable steps in your development plan
- Potential roles or experiences that would help you make progress toward your career aspirations
- Which skills do you think you need to acquire or strengthen
- What your leader can do to help you achieve your career goals

Performance

Bold goals progress

- Be prepared to discuss your progress against your bold goals and ask for help where you are experiencing challenges.
- Ensure your goals are aligned with the business strategy and organization priorities.
- Highlight how you've demonstrated [HPE Elements of leadership](#) and [HPE Culture behaviors](#).

Feedback

- Share feedback you gathered from your peers and key partners.
- Understand from your leader what you're doing well and where you have opportunities to improve.
- Let your leader know what they can do to help support you going forward.
