General Predictions Related to Native

General Characteristics :-

Your Ascendant falls in sign Scorpio. This sign has been classified as a watery, fixed or grave, mute, insect sign. Certain other natural qualitative characteristics have also been attributed to it: this sign is feminine, fruitful, violent and revengeful by nature.

For being born in this Ascendant, you will be bold and confident, fond of contests and strife, and very daring when put to task or while facing challenging situations. You will have a determined nature, and often may appear to be somewhat obstinate; at times, you may also appear to be willful, impulsive, and even sarcastic. You will have an active spirit, but remain well reserved and pensive during conversations. You will be bold and laborious. You will never admit defeat and not leave your work incomplete. You will be generous and benevolent. You will utter your words very carefully. Your words will be meaningful.

You will subdue your enemies diplomatically. You will be traditional and respect your customs and conventions. Your subtle mind might sometimes become beclouded owing to some of your pre-fixed and inflexible views. You will never like to be imposed upon, but won't hesitate to utilize the effective tool of imposition; with this uncanny ability you will easily be able to outsmart your contemporaries, and come out in flying colors in really critical situations. You will be greatly fond of all kinds of mysteries; the occult and allied subjects might be of gross interest to you. You will have great interest in art, dance and music. You will have uncanny ability of writing or editing. You might be engaged in conducting some research, or can be attracted to some uncommon field - where intensive brainstorming is a prime requisite for arriving at every correct conclusion.

In your chart, the Moon is situated in sign Scorpio - which is ruled by Mars, and symbolized by a poisonous insect ready to sting! It is a fixed, negative, and watery sign; the Moon becomes debilitated here. You will be a highly energetic person with a forceful nature - having indomitable courage, and gifted with much endurance. You will be endowed with a high ambition and strong spirit of conquest. In strife, you will be dauntless and implacable, having absolutely no regard to the danger of defeat or facing reversal. You will be replete with leadership qualities and masterful manners. You will be in fortunate and comfortable circumstances, and may secure a commanding position, and you are likely to have many devoted and faithful employees or followers.

If Moon exerts malefic influence, then you may become proud and haughty, and acquire a tyrannical disposition, and may even resort to extremely cruel means for achieving your objectives. But, If Moon exerts benefic influence instead; it will make your mind fruitful - as your passions will turn devotional. You can look forward to attaining a higher spiritual level by judicious utilization of your superior qualities. However, your passion could be very volatile and strong as well - if it is not bridled in time, then it may even lead to dire consequences or even total disaster - as there are chances that you may become very impulsive, and get entangled into strange love-affairs.

The Moon in Scorpio will impart in you a self-reliant attitude and determined nature. You will be able to defend your interests independently. You will be very unassuming, plain spoken, and sometimes can abruptly frown for cutting a long story short. For being conservative by nature and averse to forced changes, you may at times refuse to mend your ways or change your views; for this, some people may brand you as obstinate.

Physical Appearance :-

Your complexion may be fair. You will have pale deep eyes and curly hair. You are likely to have a medium stature, a corpulent, able physical structure with a broad visage. You may be somewhat bow-legged or may have some defect in your feet. You may also have aquiline features with deep-drawn facial angles.

Qualities :-

You will be endowed with the quality of perseverance, trustworthy and kindness. You will be courageous and dauntless. You will be meritorious and energetic. You will be greatly fond of luxuries of life. You will be adventurous and determined. You will be a respectable person in society. You may get honour from government.

Negative Traits :-

You may be doubtful. You may be strong headed and vindictive. You may be insensitive to others.

Special Characteristics :-

1. You will prove to be a very good friend.
2. You will be very cool minded, not will not forget or forgive adversaries very easily.
